Sources: NeoGenesis EN catalogue 2025 (OCR filler page) + TradeKorea Original Supplier P583171 / P805756 / P805829 / P805830. Catalogue also prints Plus lidocaine as “0.1 ml” — carton IFU must reconcile with TradeKorea **3 mg/mL**.

3. Storage

Store **2–25 °C**, away from direct sunlight; listed shelf life **24 months** (TradeKorea Original Supplier). Prefilled — reconstitution N/A.

4. Technology (manufacturer claims only)

Monophasic, “100% fully cross-linked” HA with BDDE; marketing claims of high elasticity vs competitors and low endotoxin (catalogue <0.0015 IU/mg; TradeKorea <0.1 EU/g). **No independent G' or residual-BDDE ppm** located.

5. Regulatory summary

Korea: Manufacturer-channel “KFDA” claim — **licence number not independently verified**.

CE: Catalogue “all models CE certified”; TradeKorea also states “MDD & MDR in progress”. **No certificate serial / NB / EUDAMED UDI retrieved**.

FDA: No PMA/510(k) identified for Regenovue facial filler — **not FDA-approved**. Flag false reseller FDA copy.

6. Clinical evidence

PubMed eutils & EuropePMC search “Regenovue” on 24 Sep 2026: **0 hits**. No NCT pivotal located. Duration months on catalogue/TradeKorea are marketing claims only — omit from posters.

7. Split candidates (separate product pages)

Regenovue GLAM — body HA filler 10 mL · **Aqua Shine** — HA hydration booster · **Regenovue PN** — polynucleotide booster · **NEOTOX** — toxin. Do not merge into facial Fine/Deep/Sub-Q page.

8. Do-not-print (poster / web)

FDA approved · invented CE/MDR serials · invented MFDS number · Soft SKU · TLS/SPLENDOR (reseller-only this pass) · G'/Pa · BDDE ppm · duration months · Across/Hugel attribution · grey-market leaflets · “injectable” badge.
