

PDRN SKIN BOOSTER · REPUBLIC OF KOREA

Kiara Reju

PDRN + Hyaluronic Acid + Niacinamide in 3 × 2.2 mL pre-filled syringes.

Kiara Reju by BioPlus, Republic of Korea · Professional use only

Kiara Reju · carton with pre-filled syringe

Made in Korea by BioPlus Co., Ltd.

BioPlus (바이오픈러스(주)) is a Korean company built around hyaluronic acid. Its manufacturing plant is in Eumseong, Chungcheongbuk-do, Republic of Korea.

Kiara Reju is part of the BioPlus “Kiara” skin-booster line. The maker positions it as a “water-glow skin booster”.

Kiara Reju in four lines

MAKER Kiara Reju by BioPlus, Republic of Korea

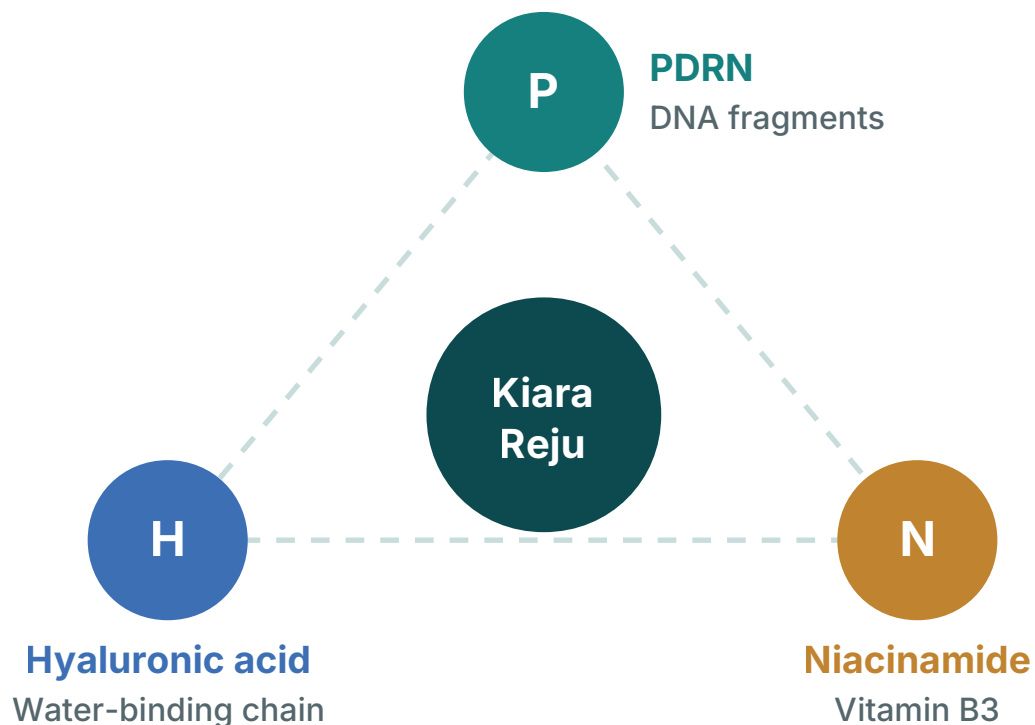

FORMULA PDRN + Hyaluronic Acid + Niacinamide

PACK 3 × 2.2 mL pre-filled syringes, needles not included

USE Professional use only

Three ingredients, one syringe

PDRN · repair support

Low-molecular DNA fragments derived from salmon, the brand's own term.

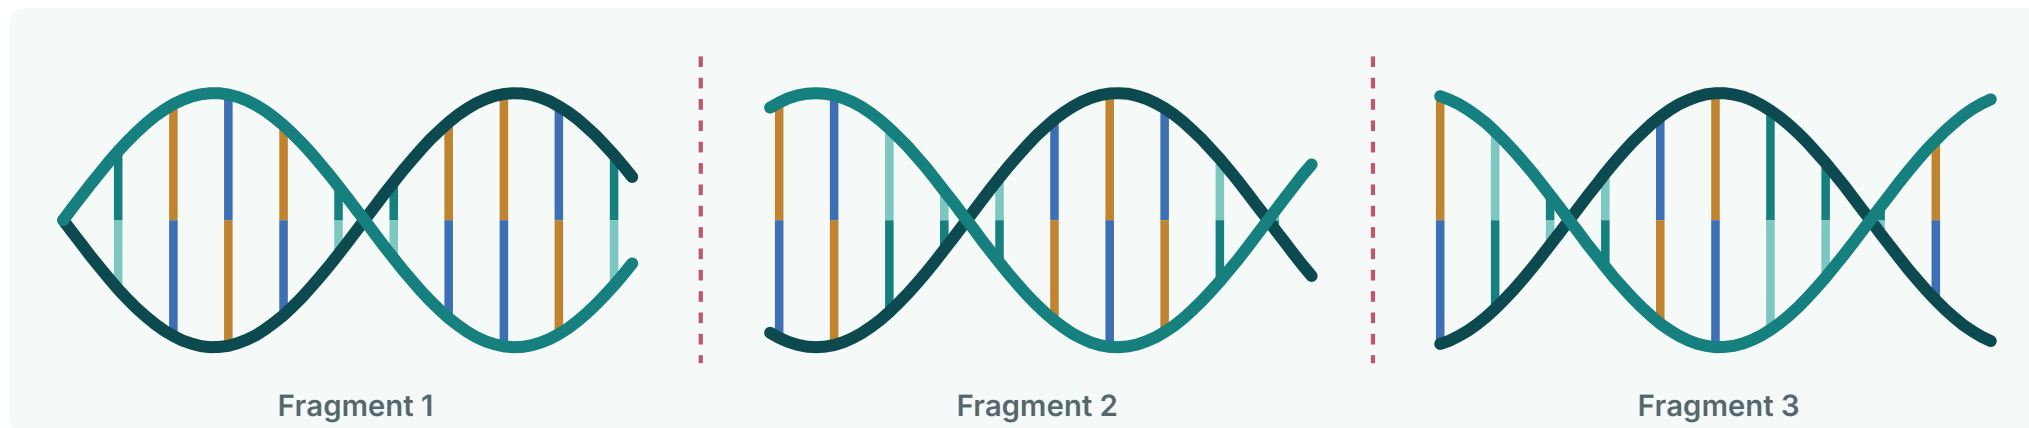

Hyaluronic acid · hydration

Sodium hyaluronate, a water-binding polysaccharide.

Niacinamide · tone support

Vitamin B3; the maker describes soothing and tone benefits.

Polydeoxyribonucleotide: DNA in short fragments

PDRN is a mixture of low-molecular DNA fragments. In Kiara Reju it is the deoxyribonucleic acid sodium salt from salmon, which the maker calls a salmon sperm nucleic-acid extract.

BASE PAIRS IN THE DIAGRAM

A · Adenine

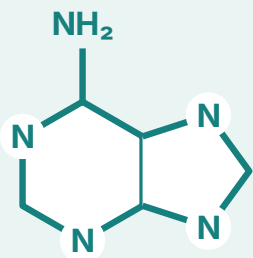

T · Thymine

G · Guanine

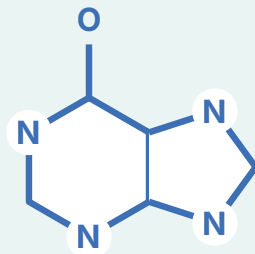

C · Cytosine

Illustrative diagram; fragment lengths are not to scale.

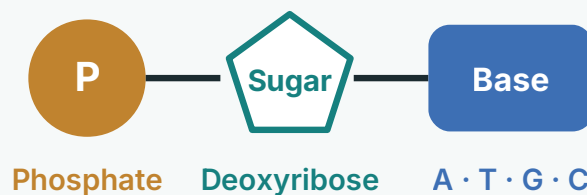

From DNA fragment to nucleotide

Adenine

Guanine

One nucleotide unit

Salvage pathway

In class literature, PDRN supplies nucleotides and nucleosides that cells can reuse to build new DNA.

Adenosine A2A receptor

Class literature also describes A2A receptor activity linked to tissue repair support.

PDRN class science, not Kiara Reju data.

A chain that holds water

● Water molecule □ Disaccharide unit of the HA chain

Schematic; chain length and water count are illustrative.

Role

Hydration and space-filling, the general science of HA.

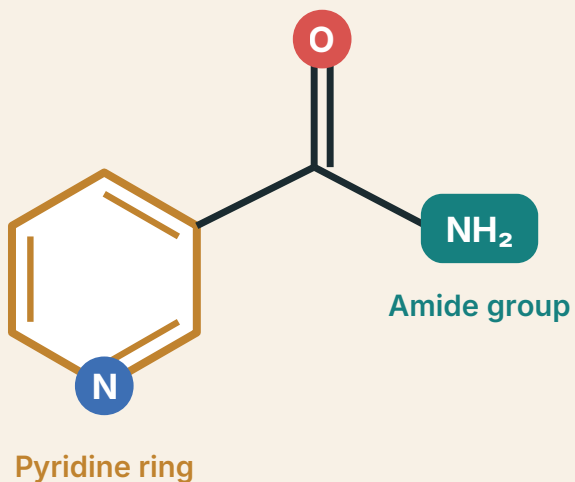

Body-like fluid

The maker describes pH and osmolality as similar to body fluids.

MDM platform

"Multi-Density Matrix", which the company calls patented.

Vitamin B3 for tone support

ALSO CALLED

Nicotinamide · Vitamin B3

Niacinamide is a water-soluble form of vitamin B3, widely used in skin care for tone support.

BioPlus describes a soothing and tone benefit in Kiara Reju. No product data are published for this.

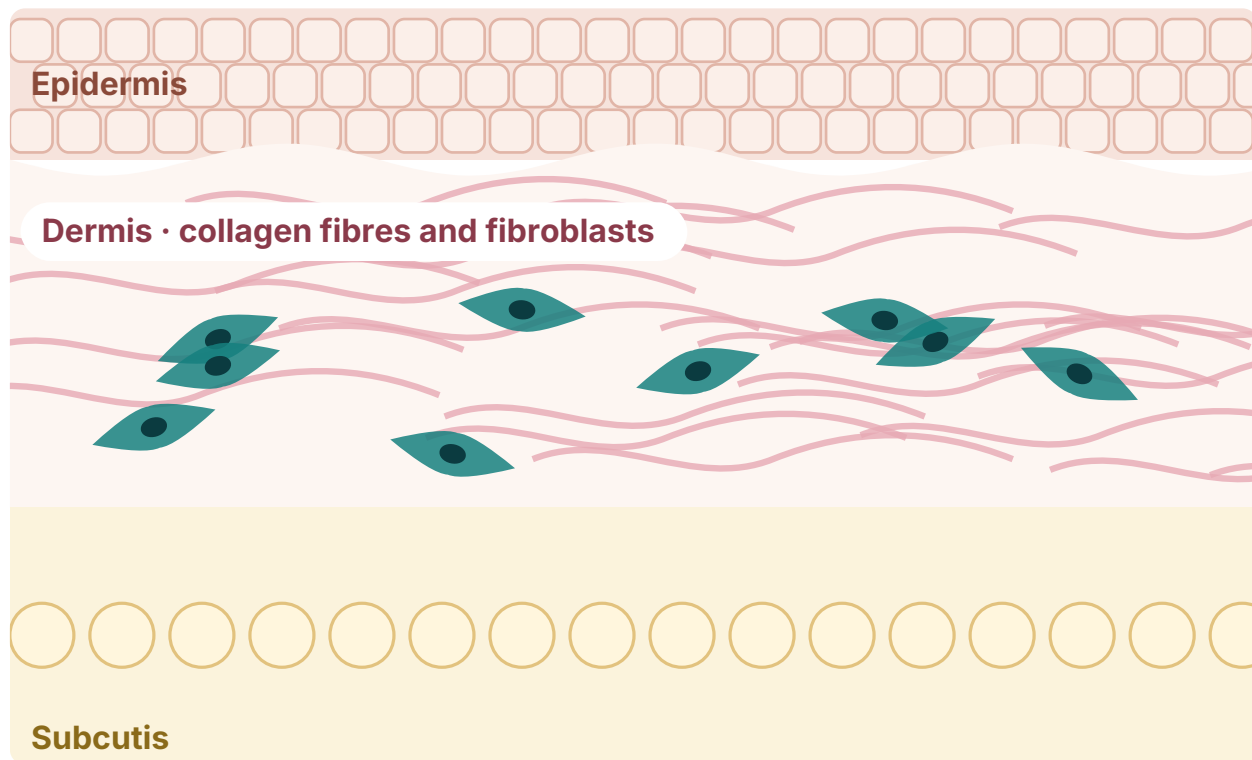

CHEMISTRY IN BRIEF

Pyridine-3-carboxamide

Water-soluble

Amide of nicotinic acid

Where each ingredient class works

PDRN · repair support

Class literature links PDRN to fibroblast activity in the dermis.

HA · hydration

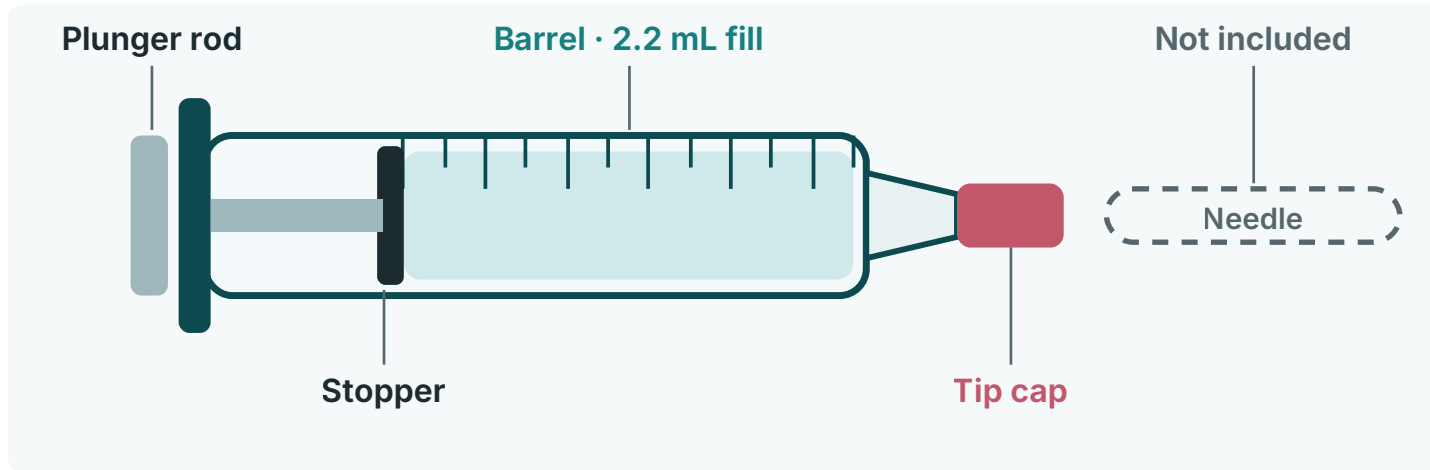

Binds water in the dermal matrix around collagen.

Niacinamide · tone support

General vitamin B3 skin science.

Illustrative cross-section of general ingredient science; not a Kiara Reju result.

Ready in the syringe, needle chosen by the clinic

3 syringes
per carton

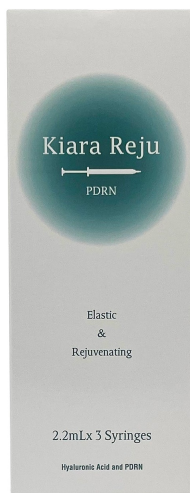

2.2 mL
in each syringe

Each carton holds three pre-filled syringes in blister trays. Plan needle stock separately when ordering.

No needles
in the box; supply them separately

PN/PDRN class background with other products and concentrations; not Kiara Reju results.

Cautions for the treating professional

Professional use only · For licensed medical professionals.

Avoid in

Hypersensitivity to fish, salmon or hyaluronic acid. Active skin infection at the site.

Pregnancy

Avoid during pregnancy and lactation, a class caution.

Class reactions

Redness, swelling, bruising and pain at the treatment site.

These are class cautions for PDRN and HA products, not a product label. Check the carton leaflet before use.

Kiara Reju at a glance

Item	Kiara Reju
Brand	Kiara Reju, BioPlus “Kiara” line
Maker	BioPlus Co., Ltd., Republic of Korea
Formula	PDRN + Hyaluronic Acid + Niacinamide
Listed ingredients	Aqua, Sodium Hyaluronate, Sodium Chloride, Sodium Phosphate Monobasic Dihydrate, Disodium Hydrogen Phosphate Dihydrate, Nicotinamide, Deoxyribonucleic Acid Sodium Salt (PDRN)
Pack	3 × 2.2 mL pre-filled syringes
Needles	Not included
Storage and shelf life	Not stated in available documents; see carton
Use	Professional use only

Points to check on arrival
